Details of assignment

Objective

To develop students' ability to communicate effectively in a professional setting, especially to implement their knowledge in the IT field to develop a tourism industry in small villages in Buleleng regency.

Tasks

1. Choose a village in Buleleng Regency which currently has no tourism development. Explore the tourism potential that can be developed in the area.

2. Identify a figure in the village who you would like to interview. Prepare a list of questions for the interview, focusing on topics related to the tourism potential that can be developed in the village.

3. Conduct the interview, using appropriate language and tone for a professional setting. Record your interview.

4. Create a digital system development design to support tourism development plans in the village.

5. You can consult again with the village administration or/and a tourism or IT industry professional to develop your proposal.

6. Write a report of the interview that includes the following sections:

   1. Introduction: Introduce the village and provide some background information related to the village.

   2. Interview summary: Summarize the key points and insights gained from the interview. Reflect on what you have learned from the interview.

   3. Conclusion: Provide a conclusion that summarizes your interview notes and any recommendations or insights you gained from the interview.

7. Submit the interview transcript and report for feedback and discussion in class.

8. Write a proposal containing the design you propose for developing the tourism in the village.

9. Present your proposal in the end of the project.
